ST. MARY'S SCHOOL

MEDICATION AUTHORIZATION FORM

Student Name Date of Birth

As the parent/guardian, I understand that it is the policy of the school that as a regular and normal practice, medication should not be administered to a student at school or when such student is involved in school activities. However, in order to provide for the critical health and well-being of students, under exceptional circumstances, medication may be administered during school hours by a certified school nurse, a registered nurse, administrative personnel, administrative designee, or self-administered by a student. I further release my child's school, its Board of Education, and individual members thereof, and its employees shall be indemnified and held harmless from any and all claims arising out of the administration of said medication.

Medication must be brought to the school in a container, labeled appropriately by the pharmacist or licensed prescriber.

I request that my child be assisted in taking the medication(s) described below at school by authorized persons or be permitted to medicate herself/himself as also authorized by me and my physician (see below). I further consent to the sharing of relevant medical information between the school and the physician's office.
